

# Townsend Lumber Inc.

**NEW  
PRODUCT**

Townsend Lumber is now offering Radio Frequency Kiln Dried Timbers. With a new RF Kiln on site, Townsend truly is a 'one stop' shop for all your timber needs. Save on freight and additional costs by trusting Townsend Lumber for your timber supply and drying needs.

## Radio Frequency Kiln Dried Timber

Townsend Lumber is Southwestern Ontario's largest sawmill & kiln drying operation.

### Less Defects

RF Dried timbers dry uniformly from the inside out--a wet external surface is maintained until the end of the drying process--resulting in less defects (shrinking, checks, warping)

### One-Stop Sawmill

Save money on transport costs by using Townsend Lumber for all your timber needs--custom cutting, RF kiln drying & D4S planing

Shorter Drying Time  
+ Less Energy Used  
= More Savings

### Available Sizes

Thickness: **UP TO 16"**

Lengths: **UP TO 26'**

**OFFERING WHITE PINE  
& DOUGLAS FIR**

### Custom Requirements?
